

S.No. : 230

NCS 4101

No. of Printed Pages : 04

Following Paper ID and Roll No. to be filled in your Answer Book.

PAPER ID : 43201

Roll
No.

B. Tech. Examination, 2025-26

(Odd Semester)

**COMPUTER CONCEPTS & PROGRAMMING
IN C**

Time : Three Hours]

[Maximum Marks : 60

Note :- Attempt all questions.

SECTION - A

1. Attempt all parts of the following : $8 \times 1 = 8$

- (a) Write two application of C-language.
- (b) What is RAM?
- (c) List two differences between compiler and interpreter.
- (d) What is call by value and call by references?

[P. T. O.]

- (e) What is function in C?
- (f) Types of loops in C programming language.
- (g) List of any two math built-in function.
- (h) Write the syntax for dynamic memory allocations.

SECTION – B

2. Attempt any two parts of the following : $2 \times 6 = 12$

- (a) What is data types? Define all types of data type.
- (b) What is operators? Describe all types of operators with an example.
- (c) Write a program to check a palindrome number using function.
- (d) Write a program to store information of 10 student using structure.

SECTION – C

Note :- Attempt all questions. Attempt any two parts from each questions. $8 \times 5 = 40$

- 3. (a) What is memory? Define types of memory with memory heirarchy.
- (b) What is function? Write an example for passing through value of a function.
- (c) Define all types of mode in file.
- 4. (a) Definition of operating system with functions of an operating function.
- (b) What is an array? How we will access the array with iteration.
- (c) What is a dynamic memory allocation? Give an example of dynamic memory allocation.
- 5. (a) Difference between linker and loader in C.
- (b) Write a program for below pattern :

```

      *
    * * *
  * * * * *
* * * * * * *

```

- (c) What is pointer? How we will declare the pointer in C.

[P. T. O.]

6. (a) Describe the storage classes with its types.
- (b) Write a program for factorial number using recursion.
- (c) What is file handling? Describe all the operations of file handling with example.
